USEFUL IDIOTS

CRITICAL RACE THEORY (CRT) LOSERS

WHO ARE THEY?

Also known as “Reparation Beggars.” While CRT Losers are always focused on race, their attacks are not always targeted at white people; it is against anyone who doesn’t believe America is oppressive.

METHOD OF OPERATION

95% of their whining is focused on the past. It might be 100 years in the past or 600 years in the past. CRT Losers will rarely address what can be done in the present. For every opportunity in front of them, they will have 100-600 reasons from the past as to why they cannot better their circumstances. Every failure in their life is blamed on white supremacy.

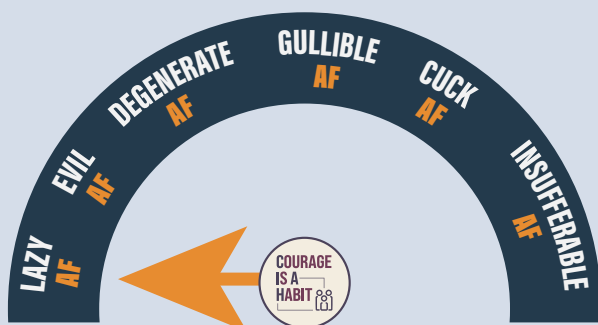

WHAT THEY WANT FROM YOU

CRT Losers want you to feel guilty for something that you have no responsibility for. They want you to alter your entire life’s lens on events that happened decades or centuries in the past.

SUGGESTED COUNTERS

Indifference. CRT Losers cannot leverage guilt when you’re indifferent. Your response to any of their plights should be, “I don’t care. That is your problem.”

TRANSGENDER

CHILD MUTILATION ADVOCATES (CMAs)

METHOD OF OPERATION

CMAs will lie about the irreversible horrors of drugs and surgeries, but they will hide it behind vague phrases such as, "gender affirming care" or "good health care." Their greatest strength is emotional blackmail of parents; *"If you don't affirm your daughter immediately, she will kill herself."* They advocate for schools to keep transgender secrets from parents. CMAs will defer to experts to justify their crimes against children.

WHAT THEY WANT FROM YOU

CMAs want you to support your child joining the Transgender Cult. If you aren't fully in support of drugs and surgeries, they will be violent and make you stand down out of fear or guilt. They want your children.

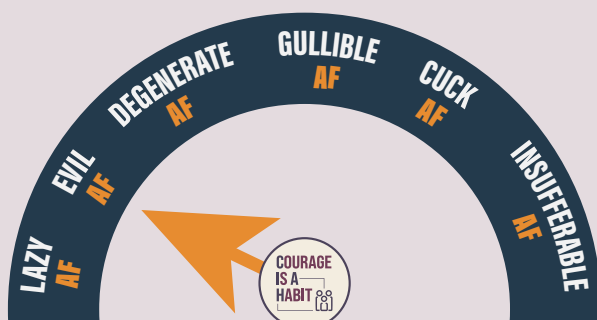

SUGGESTED COUNTERS

Reject inclusion. Embrace exclusion. Refuse their dishonest premise that there is such a thing as a transgender child and that a child can be born in the wrong body.

WHO ARE THEY?

Transgender CMAs believe children are born in the wrong body, that a man can give birth, and that a woman can have a penis. All CMAs support sterilization drugs for minors such as irreversible puberty blockers and cross-sex hormones. The majority of CMAs fully support mutilation surgeries for minors such as double mastectomies and castration.

GROOMERS OF CHILDREN (GOC)

METHOD OF OPERATION

Groomers of Children will use a lot of deflection to make parents sound controlling and “prudish.” They will downplay the early sexualization of children by saying “They see it on the internet anyway” and/or “It depends on the context.” They want children to be “tolerant and inclusive” of anything that is sexually deviant; nothing is off limits.

WHAT THEY WANT FROM YOU

They want parents to lower their natural boundaries and allow sexual content and materials into their children’s life as early as possible. This normalizes sexual deviancy and makes children vulnerable to sexual exploitation. They want your children.

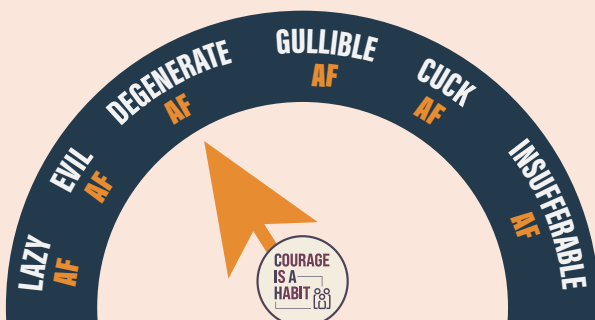

SUGGESTED COUNTERS

Treat them like the pedophile-apologist that they are. Do not compromise or try to reason with them.

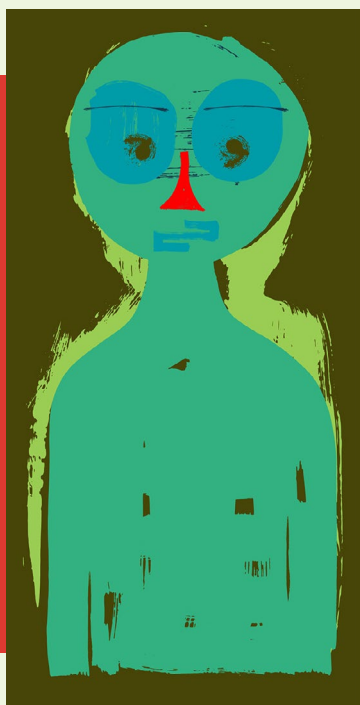

WHO ARE THEY?

All GOCs support the following:

- *Comprehensive Sex Education in K-12 including sexual deviancy because it must be “inclusive.”*
- *Drag queen story hours and events for children, even as young as toddlers.*
- *Obscene materials and pornography in schools. They will also be the first to cry “book banning!”*

CHICKEN LITTLES (CL)

METHOD OF OPERATION

CLs aim to create chaos in your daily life. They are tasked to block freeways and destroy art. While “climate change” is their starting point, this group of zombies will also be used to push all radical campaigns; racial/transgender/gender justice, anti-capitalism, etc. They will align with anti-American movements such as the “Green New Deal” and the “Sunrise Movement.”

WHAT THEY WANT FROM YOU

They want to tear down your way of life built on American values of hard work, self-reliance, and personal agency. They do not want you to accumulate any resources to pass down to your children. CLs want you to be under the control of global elites, chasing vague concepts such as, “sustainability.” Ultimately their goal is depopulation.

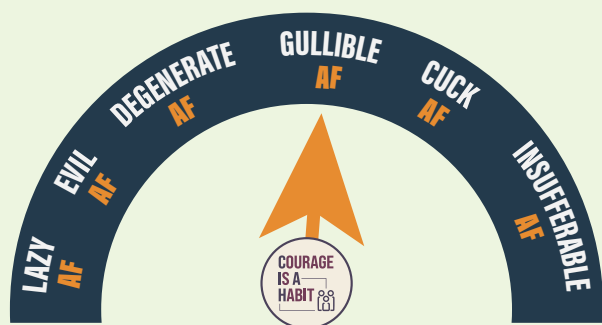

SUGGESTED COUNTERS

Reject their core premise of climate change propaganda. Assume everything they say is a lie. They are trained to be domestic terrorists, so treat their activities as such.

WHO ARE THEY?

Chicken Littles are mindless and most vulnerable to fear porn. CLs have zero knowledge of where their clothes, food, shelter, or supplies come from. They have never held a job and are unable to support themselves at the most rudimentary level. Many will claim to have a disability. They will most likely wear a face mask for the remainder of their lives.

COEXIST CUCKS (CC)

METHOD OF OPERATION

Coexist Cucks aim to “compromise.” They will always be “allies” to extremist groups because they think that will prevent them from being singled out. They will constantly criticize those who are taking strong action that their words are harsh or inflammatory. “We have to appeal to the middle crowd” is their go-to excuse.

WHAT THEY WANT FROM YOU

They want you to fight softer and less often so they don't look like do-nothing cowards in comparison.

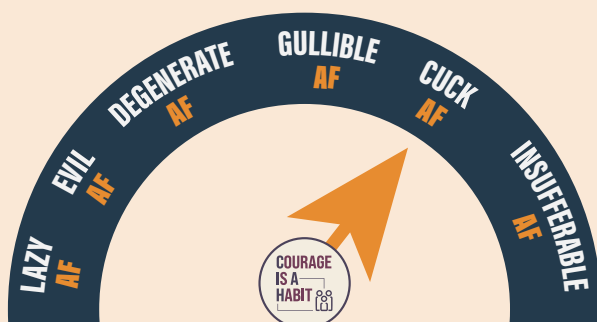

SUGGESTED COUNTERS

Ask them what they have personally sacrificed to uphold their virtues, (ie: “How many illegal aliens have you taken into your home and financially supported?”). When they are unable to answer, shame them relentlessly. Don't mince your words.

WHO ARE THEY?

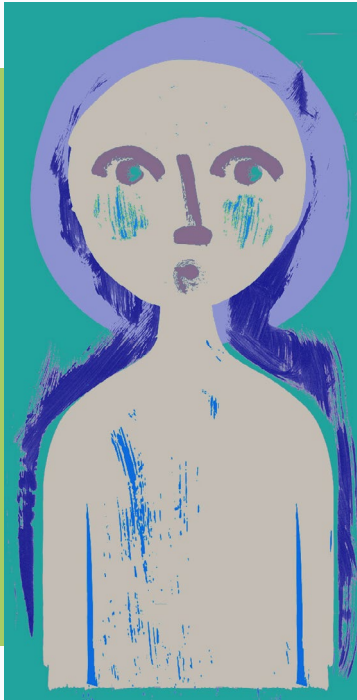

Coexist Cucks are weak and spineless; they will always take the path of least resistance. The ultimate virtue signalers.

- Supports open borders. “No human is illegal.”
- Religious leaders who take no action, hiding behind religious doctrine.
- “It can't happen here.” “I'll vote them out next time.”
- Endless enabling of criminals due to “compassion” and “humanity.”

INSUFFERABLE

WOKE WHITE WOMEN (WWW)

METHOD OF OPERATION

Woke white women are only able to regurgitate what the mainstream media tells them, they have little to no actual knowledge of what they are supporting. They will try to pass on as much guilt to you as possible. Appealing-to-experts is their go-to tactic. They operate on pure narcissism and often scream randomly into the air.

WHAT THEY WANT FROM YOU

It's not so much what they want from you, it's that they want everyone else to see them as saviors and the arbitrators of all things social justice. They are an awful plague to any community.

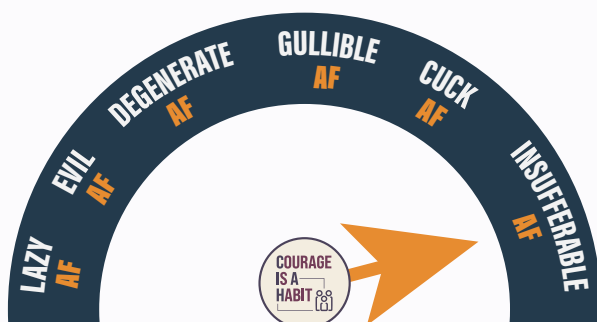

SUGGESTED COUNTERS

Depending on which of the Useful Idiots archetypes they happen to be adopting that day, ask them direct questions as to what they have personally sacrificed for that respective "marginalized group." When they can't answer, mock them relentlessly and highlight their hypocrisy.

WHO ARE THEY?

They can be any or all of the above Useful Idiots archetypes.

- Narcissistic and insufferable.
- Maximum white guilt.
- They've never met a social contagion they didn't love.
- Male feminists and "he/hims" also fall into this category.

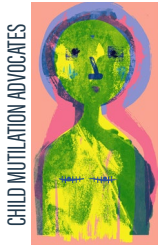

POP Quiz

HOW WELL DO YOU KNOW YOUR USEFUL IDIOTS?

CRT LOSERS

CHILD MUTILATION ADVOCATES

GROOMERS OF CHILDREN

CHICKEN LITTLES

COEXIST CUCKS

WOKE WHITE WOMEN

A. CUCK AF

B. GULLIBLE AF

C. LAZY AF

D. INSUFFERABLE AF

E. EVIL AF

F. DEGENERATE AF

FINAL SUMMARY

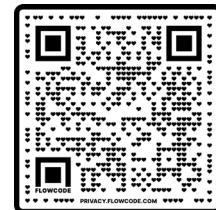

- Each of these archetypes is a child abuser. They may come from different intentions or motivations, but the results are the same: they contribute to children being indoctrinated politically and sexually in K-12 and/or they participate in silencing and gaslighting parents.
- Each of these profiles, at some point in time, will throw labels at you (xxx-ism, xxx-phobe, xxx-ist). Ignore the accusation because it is solely meant to silence you. Do not address it or defend it. Always stay on offense.
- A person may belong to more than one archetype. For example, someone who is a Groomer of Children is also frequently a Coexist Cuck. Handle accordingly.

CALL TO ACTION

Visit courageisahabit.org for more tools on how you can take action at your local school. Share with parents in your community so you can build a movement to protect your children.
