WHAT IS SOCIAL EMOTIONAL LEARNING?

Social Emotional Learning (SEL) prepares children's minds to absorb any current and future social contagion by weaponizing their natural high degree of "empathy."

Critical Race Theory (CRT) is the worldview that America is inherently oppressive, White people are systemic racists, and non-White people are eternally oppressed.

Queer Theory is the value system that fueled the LGBTQ+ insanity currently seen in schools across all 50 states.

For all intents and purposes, CRT and Queer Theory are religious doctrines; SEL is the delivery system for those doctrines.

Essentially, your children are attending this "church" seven hours a day, five days a week, for thirteen years.

SEL creates an ideological pipeline, funneling radicalism directly into daily instruction under the guise of "helping children's mental health".

SEL DISCIPLES

- Administrators
- Teachers
- School Counselors

THE 'GOOD INTENTIONS' NARRATIVE IS A SMOKE SCREEN

To understand the insidious nature of the SEL pipeline, you must look at the source. We have gathered the tools and resources that school administrators and counselors refuse to show you. The evidence is clear: **SEL is the primary infrastructure for radical indoctrination in K-12 education - both public and private.** Ignorance is their greatest weapon; use this primer to arm yourself with the truth.
