SB 407

TRANSGENDER
TRAFFICKING

The foundation of Transgender Trafficking Bills is rooted in K-12 policies that enable school staff to withhold Transgender-related information from parents. California K-12 culture fosters the spread of this social contagion among students. These policies force conformity, subjecting non-compliant students to potential disciplinary action under the pretext of harassment.

TRANSGENDER SECRET POLICIES IN K-12

TRANSGENDER TRAFFICKING

- Allows minors to travel to California to obtain Transgender drugs and surgeries.
- Parents will be denied custody if they do not support ALL Transgender procedures.
- Will not honor custody agreements of the parents' home state.

SB 107

STATE SANCTIONED TRAFFICKING

- California parents will lose custody if they refuse to “affirm” their child’s Transgender delusions and fully endorse medical and surgical procedures.
- In custody disputes, the parent who affirms the child’s Transgenderism will receive favorable treatment from the courts. (Section 3011)
- AB 957 deliberately omits a minimum age; the bill’s author testified that its provisions should apply to children as young as 7 years old.

AB 957

Despite Governor Newsom’s veto of this bill in September 2023, the medical community and family judges largely support the transgender cult and removal of children from non-affirming parents.

AFFIRM OR ELSE

- 
- Criminalize the speech of California parents who object to any indoctrination by school personnel.
 - “Harassment” is defined as parents who make school personnel feel “annoyed” or experience “emotional distress”.
 - Fines can be between \$500-\$1,000 and/or a maximum of one year in county jail.

SB 596

INTIMIDATION

- “Mental health” is used as a broad justification to separate children from their parents in situations where the parents’ beliefs do not align with radical progressive ideologies.
- “Mental health” activists can place children as young as 12 years old into foster care without parental consent.
- Placement can occur even if there is no evidence of abuse or neglect at home.

AB 665

THOUGHT POLICE

(Disguised as “Mental Health”)

- Foster families are required to fully support all Transgender chemical and medical procedures for children.
- Families with religious beliefs are no longer qualified to be foster families because they are deemed “dangerous.”
- The justification is that a child can “come out any time”, so they must be placed with a “glitter (chosen) family.”

SB 407

FOSTER FAMILY DISCRIMINATION

HOW THESE BILLS WORK TOGETHER

These bills collaboratively aim to expedite the process of separating children from their parents by using Transgenderism and mental health as justifications.

TRANSGENDER SECRET POLICIES IN K-12

The genesis of Transgender Trafficking Bills began with Transgender secrets being kept from parents in K-12. The justification of these policies is based on the unfounded assumption that parents who do not affirm their child's manufactured gender identity are inherently "unsafe and abusive." Transgender secret policies are the recruitment arm of the Transgender Cult.

SB 107

The original Transgender Trafficking Bill that several states have already copied. Anyone can bring out-of-state children into CA and if their parents do not agree to horrific Transgender drugs or mutilation surgeries, they will not be reunited with their child.

AB 957

In-state Transgender Trafficking Bill. If parents do not agree to destructive Transgender drugs or mutilation surgeries, they will lose custody of their child. The bill's author indicates this bill's provisions should apply to children as young as 7 years old.

SB 596

Criminalizes parents who speak out against schools. School personnel only have to claim that a parent "annoys" them and causes them "emotional distress." A parent can be fined between \$500 and \$1,000 and spend up to one year in county jail for speaking up to defend their child.

AB 665

By far the most dangerous bill against parental rights in this nation to date. AB 665 weaponizes "mental health" as a catch-all to justify separating children from their parents, even if there is no evidence of abuse or neglect. "Emotional abuse" is any belief that goes against progressive ideologies.

SB 407

Imposes discriminatory restrictions on families with religious beliefs, effectively excluding them from eligibility to become foster parents. The bill establishes criteria that favor only those families that fully support and affirm the use of Transgender drugs and surgeries.

These bills work in collaboration to justify placing children into the foster care system, triggering the implementation of Chapter 1. Foster care is fertile ground for sex trafficking and the exploitation of children.

CHAPTER 1

Foster Care Placement. 16010.2

- **Minors in foster care will be able to receive Transgender treatments which includes, but is not limited to:**
 - ▶ *IRREVERSIBLE PUBERTY BLOCKERS*
 - ▶ *BODY-DESTROYING CROSS-SEX HORMONE DRUGS*
 - ▶ *MUTILATING DOUBLE MASTECTOMIES AND GENITAL SURGERIES (VAGINOPLASTY OR PHALLOPLASTY)*
- **The state of California will be able to approve Transgender procedures for children in foster care.**
- **There is no age limit defined in this statute.**

PIPELINE***

SB 145

Reduces Penalties for Sodomy with Minors

PASSED

Eases sex offender registry rules for those who commit sodomy or other sex acts with minors.

Exempts from mandatory registration under the act a person convicted of certain offenses involving minors if the person is not more than 10 years older than the minor.

Adults less than 10 years older than the minor they are convicted of engaging in oral or anal sex with are not automatically added to the sex-offender registry.

On September 1, 2020, California Democrats voted to pass SB 145

On September 11, 2020 - Governor Newsom signed into law.

PROTECTING CHILD PREDATORS

SB 14

Anti-Sex Trafficking Bill

REJECTED

SB 14 was a bill aimed at classifying child trafficking of a minor as a “serious felony” on par with crimes such as murder, voluntary manslaughter, mayhem, and rape. This classification could potentially result in severe punishments, including the death penalty or life imprisonment.

Furthermore, the bill would have imposed limitations on plea bargaining and included sex trafficking as one of the offenses covered by the Three Strikes Law.

The bill previously passed in the Senate with unanimous and bipartisan support.

On July 11, 2023, California Democrats voted to block SB 14

APPENDIX A

REJECTED

Anti-Sex Trafficking Bill

[Full Text SB 14](#)

Section 1 - SB 14

The Legislature finds and declares all of the following:

- (a) California consistently **ranks number one in the nation in the number of human trafficking cases** reported to the National Human Trafficking Hotline.
- (b) The Attorney General notes that California is **one of the largest sites for human trafficking in the United States** and recognizes the serious nature of this crime.
- (c) Human trafficking is among the world's fastest growing criminal enterprises and is estimated to be a **\$150,000,000,000 a year global industry**.
- (d) **Native American women and girls are victims of human trafficking** at a much higher rate compared to the overall population.
- (e) California has the sixth highest death rate of indigenous women in urban cities.
- (f) California was chosen to be the first pilot location for the United States Department of Justice Missing and Murdered Indigenous Persons Initiative.
