

MENTAL HEALTH SCAM

COURAGEISAHABIT.ORG

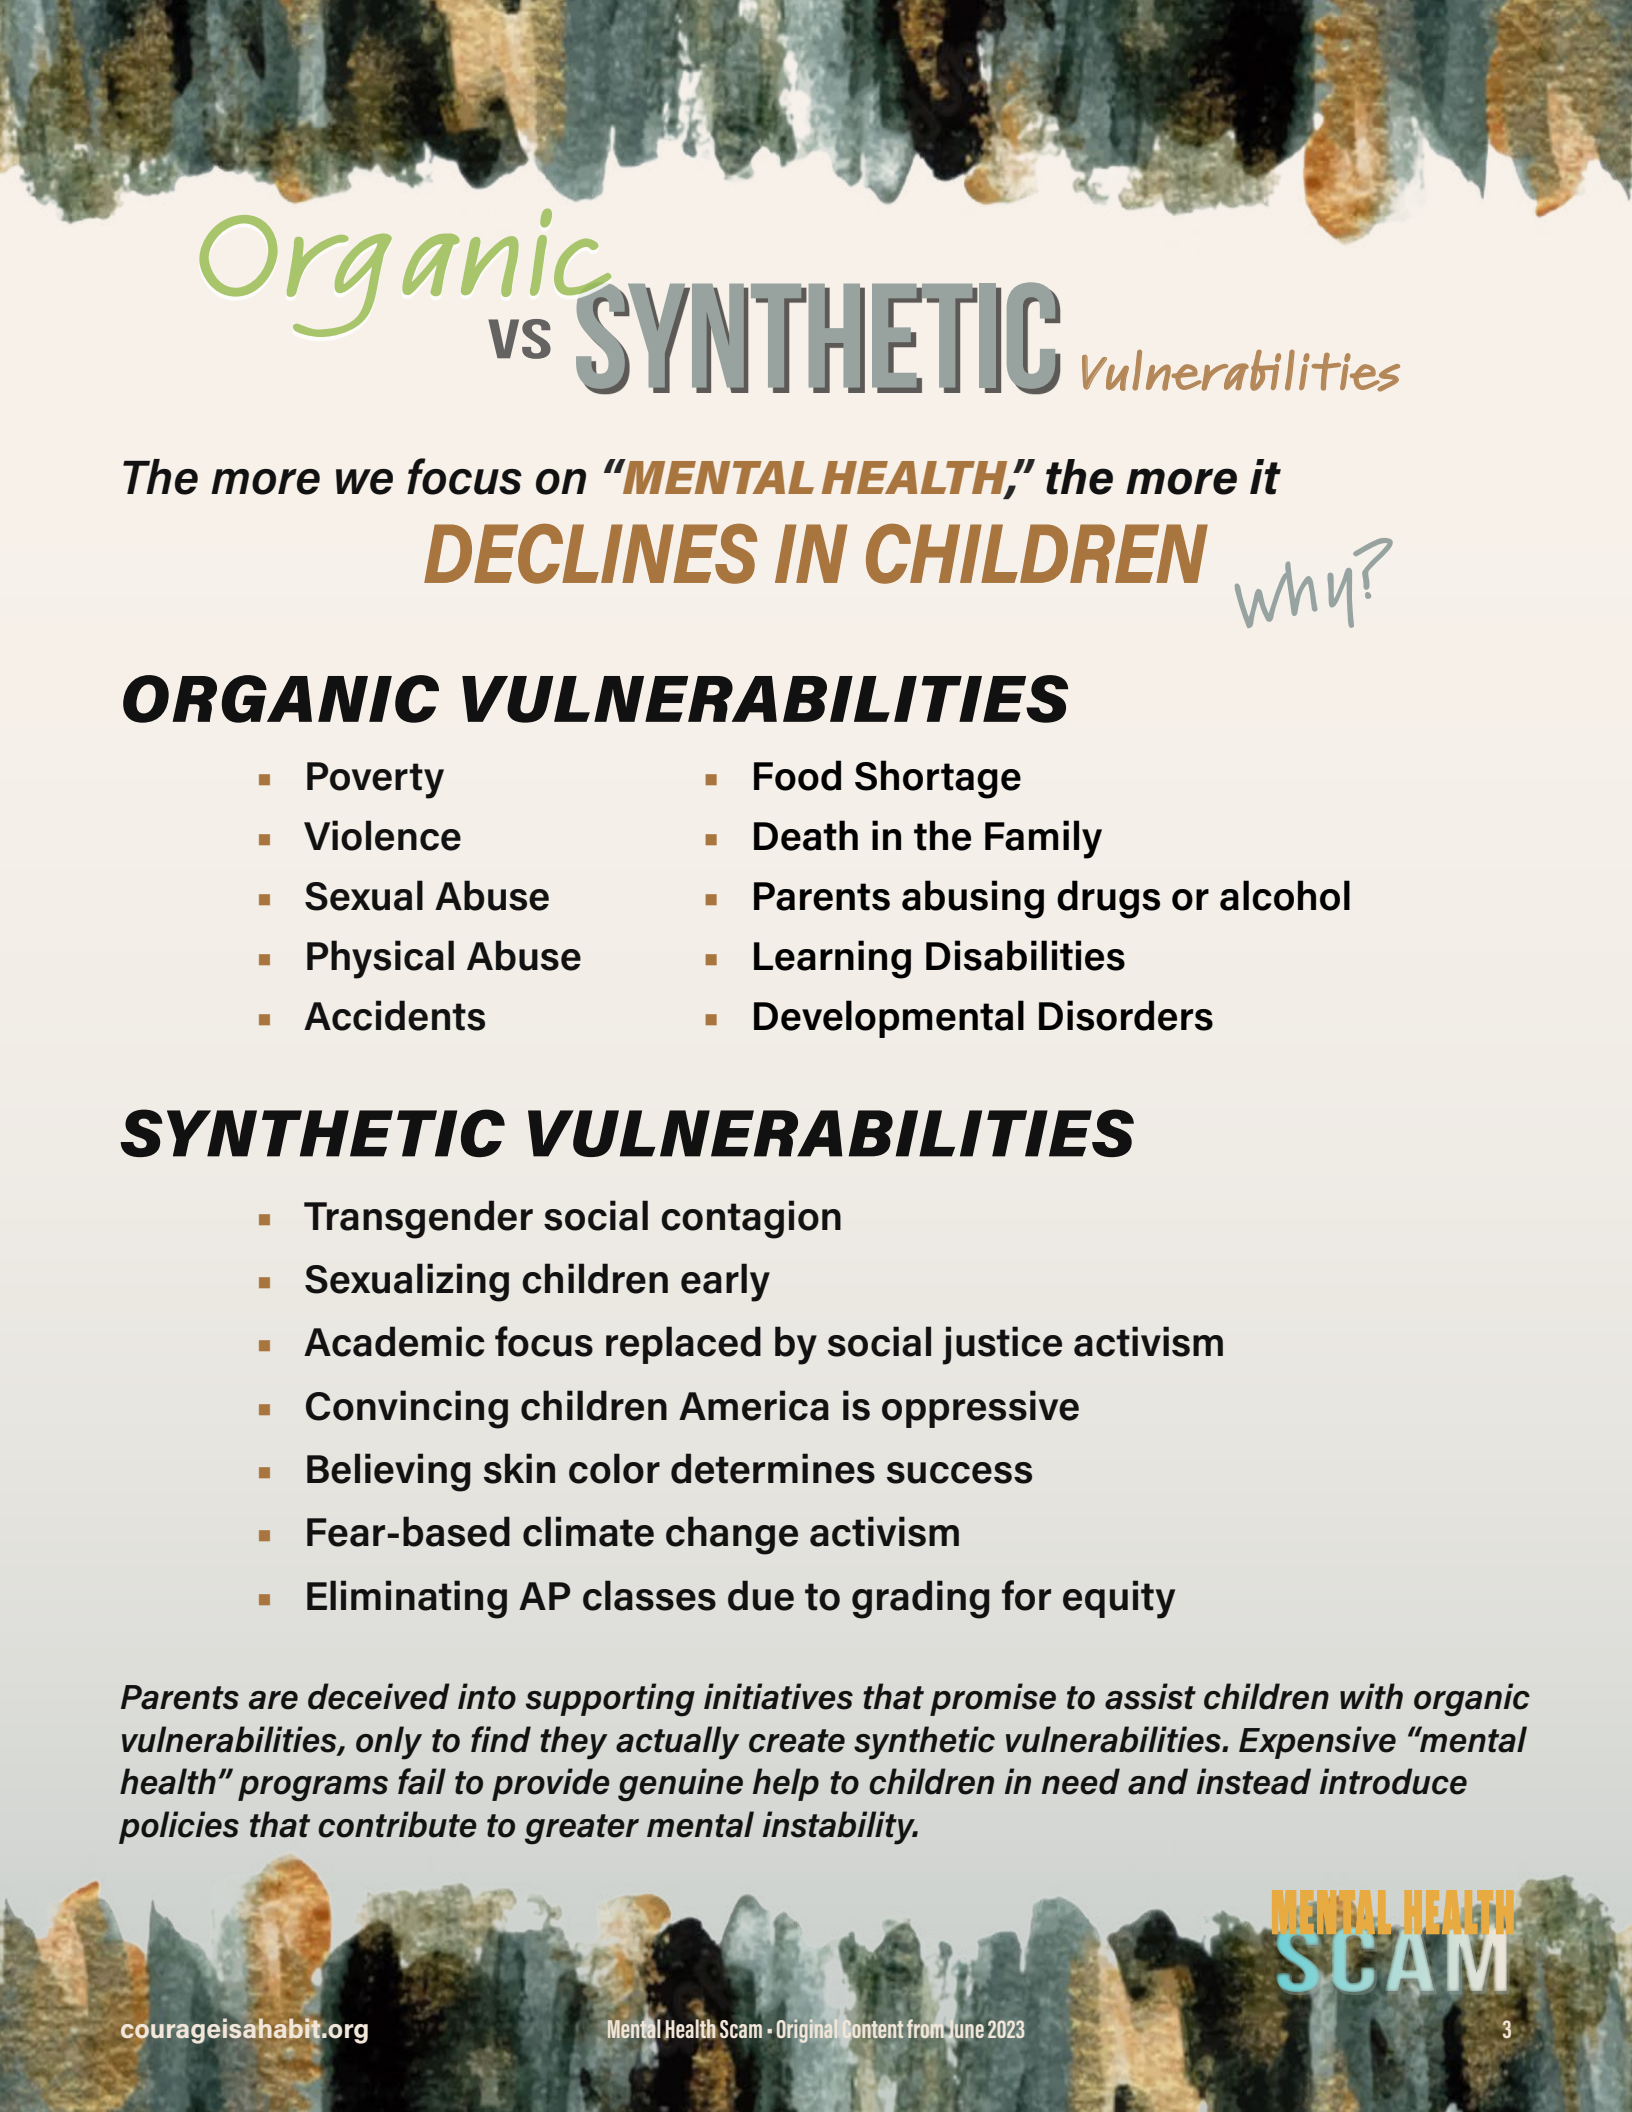

HOW “MENTAL HEALTH” IS DEFINED TODAY

Parents are “**EMOTIONALLY ABUSIVE**” and/or children have “**POOR MENTAL HEALTH**” if they **DO NOT SUPPORT**:

- Transgenderism
- Child’s right to sexual consent
- Male participation in women’s sports
- Men in women’s restrooms/locker rooms
- Defunding the police
- Right to abortion with no limits
- Obscene books & materials in schools
- The belief that America is systemically oppressive
- Gun control & eliminating the 2nd Amendment
- Climate change activism
- Reparations for those who were never slaves or oppressed
- Universal government healthcare
- Illegal immigration & open borders
- Abolishing the electoral college

“**MENTAL HEALTH**” will be **USED TO JUSTIFY**:

1. *Separating children from their parents.*
2. *Putting children on “pro-active, wraparound, trauma-informed services,” or better known as “re-education camps.”*

Organic vs SYNTHETIC vulnerabilities

The more we focus on “**MENTAL HEALTH**,” the more it
DECLINES IN CHILDREN why?

ORGANIC VULNERABILITIES

- Poverty
- Violence
- Sexual Abuse
- Physical Abuse
- Accidents
- Food Shortage
- Death in the Family
- Parents abusing drugs or alcohol
- Learning Disabilities
- Developmental Disorders

SYNTHETIC VULNERABILITIES

- Transgender social contagion
- Sexualizing children early
- Academic focus replaced by social justice activism
- Convincing children America is oppressive
- Believing skin color determines success
- Fear-based climate change activism
- Eliminating AP classes due to grading for equity

Parents are deceived into supporting initiatives that promise to assist children with organic vulnerabilities, only to find they actually create synthetic vulnerabilities. Expensive “mental health” programs fail to provide genuine help to children in need and instead introduce policies that contribute to greater mental instability.

**MENTAL HEALTH
SCAM**

YOU MAY NOT CARE ABOUT POLITICS

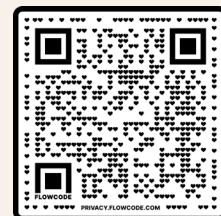

BUT POLITICS CARE ABOUT YOUR CHILDREN
